Writing:

Before you start today's writing, have a look at the poster below to remind yourself how to become a Superhero Writer!!

The poster is titled 'SUPER WRITER CLUB' in large, colorful letters. It features five cartoon superheroes: a boy in a blue suit, a girl in a green suit, a girl in a yellow suit, a boy in a blue suit, and a girl in a red suit. They are standing in a group, holding a scroll. To the left of the group is a checklist titled 'Super Writer Checklist' with two cartoon characters. The checklist includes the following items:

- C**apital letter at the start of the sentence. People and places need one too!
- F**ull stop at the end.
- U**se the wording (if you can) that's in the question.

Today, we will read a lovely poem about 'The Crayon Box that Talked'. If your crayons/twistables could talk, what would they say? What compliments would they give your colouring? Would they give out about anything? Make a short list!

Religion:

Today revise the Confiteor using the picture below and have a listen to a piece of a song about being sorry.

The Confiteor

I confess to almighty God
and to you, my brothers and sisters,
that I have greatly sinned
in my thoughts and in my words,
in what I have done
and in what I have failed to do,
through my fault,
through my fault,
through my most grievous fault;
therefore I ask blessed Mary ever-Virgin,
all the Angels and Saints,
and you, my brothers and sisters,
to pray for me to the Lord our God.

PE

See can you try the Bucketball challenge below. Measure your longest throw with your feet and see how far away the bucket is from the start point. Best of luck!

Bucketball!

Using some balled up socks and a bucket, you can enjoy a game that's like basketball, but you can play it in your very own home. We call it "bucketball"! The game works best with 2 or more players.

- 01** Set up your 'basketball arena' in an area free from delicate objects.
- 02** Roll up the socks into little balls and tie them so they don't unroll.
- 03** Place the bucket in one place and put a marker on the floor for where each player has to stand and toss the sock.
- 04** Take turns to throw the sock balls into the bucket. Each player gets one point if they get the sock into the bucket. 0 points if they miss.
- 05** Move further away from the bucket after each turn.
- 06** You can create a scoreboard if you want, to keep track of who's winning.
- 07** To make the game more difficult, replace the bucket with an object with a narrower opening, like a small box or an empty paint tin.
