**Skip Counting:**

Today we will practise counting in 3's and 6's.

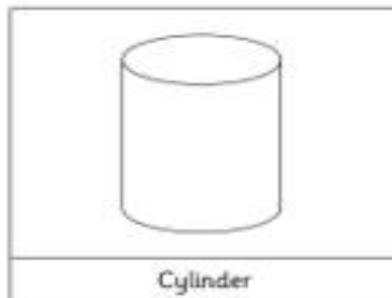

Then if you have a rope at home you could try these skipping chants!

Chat through the activities below.

# Cylinder

Two circle faces,  
Curved ones in-between.  
Cylinders are wondrous things,  
Roll it from you to me.

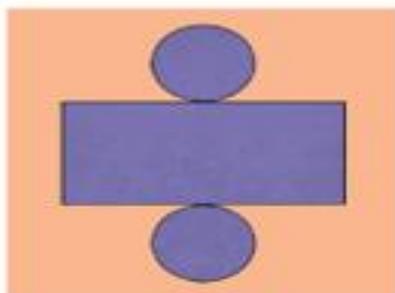

- Examine a cylinder and complete the following.

A cylinder has \_\_\_\_ faces.

A cylinder has \_\_\_\_ edges.

A cylinder has \_\_\_\_ vertices.

The net of a cylinder is how it looks when it is taken apart and laid flat on a table.

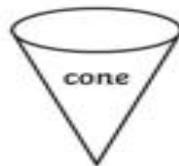

**cylinder**

- A cylinder has 3 faces True/False
- A cylinder has no corners True/False
- A cylinder can stack True/False
- A cylinder can roll True/False
- A cylinder can slide True/False
- A cylinder is made up of squares True/False

Find 5 items shaped like a cylinder in your house or outside in the garden!

## Cone

The **net** of a cylinder is how it looks when it is taken apart and laid flat on a table.

**cone**

- |                            |            |
|----------------------------|------------|
| • A cone has 3 faces       | True/False |
| • A cone has a curved edge | True/False |
| • A cone can stack         | True/False |
| • A cone can roll          | True/False |
| • A cone can slide         | True/False |

Try to find some item shaped like a cone in your house or outside in the garden! If you can't find any, think of something in your head that could be the shape of a cone and write it down.

### Irish:

**Oral language dice game:** click [here](#) to hear the Irish questions being read and how to answer them. Then roll the dice and whatever number you land on you read the question and answer it!

1. An bhfuil do ghruaig fada nó gearr?
2. An bhfuil deartháir agat?
3. An bhfuil deirfiúr agat?
4. An maith leat an geimhreadh?
5. Cén caitheamh aimsire is fearr leat?
6. Ten lunges!!!!

**Art:** This week, we are going to use cereal boxes for our art activity.

- ✚ The first activity you could try is creating your own jigsaw. Find a jigsaw at home and look at the different shapes of each piece. Using the front piece of the box, turn to the cardboard side and draw your pieces (about 16). Cut out carefully and see can you make the puzzle.
- ✚ For your favourite teddy, design him/her its very own car!! Cut at space for the teddy to fit and design the car!
- ✚ Create a marble maze. Cut the top off a cereal box. Insert and glue in barriers on the bottom of the box. (see image). Use a marble or golf ball and see can you maneuverer the box to move the marble from the top corner to the bottom corner.

Second class have been learning all about snowmnen this week. Click on this link to make a home made snowman!
