

Friday 5th February

Test:

Click on the link below to hear this week's test.

<https://screencast-o-matic.com/watch/crnfXJREcm>

This week there will be 16 English Spellings and 8 tables. Rule and number your copy as normal. After I call out the test, I will correct the Master your Maths test and your Spellbound unit with you. When you are finished the test, you can take out your table book and Spellbound and see how many you got correct.

After you test, you need a movement break!! Choose from one of these!

Movement Break:

You might need a little break after all that so maybe you could try this action activity today or the dance challenge below.

Active Outdoors

Pupils sit on their chairs. Teacher plays music and leads pupils in performing the following actions.

- **Hiking:** Swing arms and reach left and right while tapping toes and lifting knees.
- **Swimming:** Move arms like doing the front or back crawl and kick legs in a flutter kick.
- **Cycling:** Hold on to the seat of the chair and pedal legs while seated as if riding a bike.
- **Paddling:** Use an imaginary paddle to paddle a canoe, alternating paddling on left and right sides.
- **Rowing:** Reach both arms forward and pull arms back to chest level.
- **Horse riding:** Pretend to hold reins and bounce gently up and down on chair.
- **Fishing:** Pretend to hold a fishing rod, bring back behind shoulder and cast the line.

Disney Dance Challenge

English

Reading: Choose one of the three options today;

1. Read for fun for 15 minutes with a book you have at home.
2. Find a new book on the Epic site and enjoy!
3. Kenn Nesbitt is a poet who has written thousands of poems. Find three poems you like on his website.

Home School Hub 11am

Today we will learn all about all about spatial awareness and about

direction in Múinteoir Ray's Maths class if you would like to tune in.

Spatial Awareness

Do you know your right from your left? It's tricky to remember so let's have look again at the directions we learned today.

Spatial Awareness

A good tip on how to remember which hand is left and which is right is that if you put your hand out in front of you, knuckles facing you, and stick your thumb out to the side. The left hand is the one that makes a letter L. The word Left starts with the letter L.

Spatial Awareness City

Can you follow directions? Let's put your skills to the test. Have a look at the map and then follow the directions on the next page. Write down where each of the directions takes you. Start at the "You are here" square on the grid.

Spatial Awareness City

Directions	Location
Forward 3, left 3	Supermarket
Forward 1, right 1	
Forward 4, right 1	
Forward 1, left 3	
Forward 2	
Forward 4, left 2	
Forward 5	
Left 2	
Forward 5, left 1	
Forward 2, left 3	

Blindman's Bluff

Test your direction giving skills by blindfolding a family member and directing them towards something. Be careful, avoid obstacles on the ground so the blindfolded person doesn't get injured.

You can make it into a game with others if you time how long it takes the blindfolded person to get to the end. The team who get to the end point in the quiokest time are the best at giving and taking directions.

Don't forget to use the language of spatial awareness:

- | | |
|-----------------------------|--------------------------|
| Left | Forward |
| Right | Backwards |
| A quarter turn right | A half turn left |
| A quarter turn left | A half turn right |
